

Appl. No. 10/030,266
Amendment dated December 15, 2005
Reply to Advisory Action of July 29, 2005

REMARKS

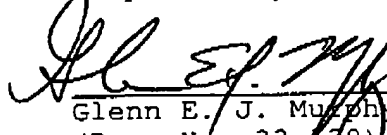

Claims 11 and 13-21 are pending. New claim 21 recites the subject matter of canceled claim 12 and adds no new matter. Claims 11 and 18 have been amended to recite a solventless composition and process, respectively, and to restore the ranges of functional group ratios recited in the immediately prior versions of those claims. Support for the solventless invention is found at page 4, lines 19 and following, of the specification as filed.

The claims as amended are patentable over Kest U.S. 4,846,143. Kest does not disclose or suggest the claimed solventless polyurethane compositions or methods having the claimed selections of components and functional group ratios.

CONCLUSION

In view of the amendments and remarks above, Applicants ask for reconsideration and allowance of all pending claims (11 and 13-20). Should any fees be due for entry and consideration of this Amendment that have not been accounted for, the Commissioner is authorized to charge them to Deposit Account No. 01-1250.

Respectfully submitted,
